How to apply for a permit for organised activities in Dovrefjell-Sunndalsfjella National Park, Hjerkinns Protected Landscape with Habitat Protection, and Knutshø Protected Landscape from 2026 to 2028

From 2024, permits are required for organised activities throughout Dovrefjell-Sunndalsfjella National Park, Hjerkinns Protected Landscape with Habitat Protection, and partly within Knutshø Protected Landscape (for larger sporting events). This applies to both summer and winter activities. The permit requirement also applies to school groups, trekking associations, voluntary clubs and organisations, workshops, bird dog field trials and similar activities. The list is not exhaustive.

Within the winter guiding area, a permit is required for transporting equipment and visitors into the national park by dog sled. Organised use of horses is also subject to a permit requirement.

Camping as part of an organised activity requires a permit and must be specified in the application. For winter camping, one designated campsite within the winter guiding area will continue to be available.

For the winter seasons from 2026/27 through winterseason 2027/28 (including summer seasons), an application deadline will apply for seasonal permits. The deadline for these applications is the 9th of October 2026. No application deadline applies to single trips and trips of a limited scale.

The following information is necessary for us to process the applications:

All fields below must be completed. Applications with missing information will be returned for completion.

- **Name of company/organization:**
- **Responsible contact person:**
- **Trip period(s)**
Specify the date(s) for each trip or activity
- **Total number of guiding days**
Provide a realistic estimate of how many guiding days that will be conducted
Example: One day with one group and two guides = two days
- **Max no. of participants in the group (including guides)**
not the average, but the maximum number of participants
- **Number of overnight stays outdoors:**
during the period you are applying for
- **Activity/mode of travel:**
on foot (e.g. skiing, snowshoeing, hiking etc), dog sledding, organized horseback riding etc.
- **Describe activity:**
What is the purpose of the trip(s)?
E.g. Musk ox guiding, photography, summit tour, tent tour, DNT group. The list is not exhaustive
- **If dog sledding or organized horseback riding:**
 - Specify the maximum number of dog teams or horse equipages per trip
 - Enter the maximum number of dogs per team
- **Start location:**
List all starting points
- **Which route(s) do you plan to use?**
Attach a **map** with **description** showing the trips (on foot, organized horse riding, with dog teams and/or where to camp)
- **Who will conduct the guiding?**
A list of all the guides must be attached to the application. If new guides are added, an updated list must be submitted accordingly

The application is sent to sfinpost@statsforvalteren.no
